

The Chariot

✦ *What path is your chariot asking you to take?* ✦

Journal Prompts

This month I want you to journal on:

1. Where in my life am I still waiting for permission?
2. If fear wasn't making this decision for me what would I choose?
3. What dream keeps calling me, even when I doubt myself?
4. What would change if I believed I was already enough?

Ways to work with the Chariot card

Go on a mindful walk:

Leave your phone behind and ask yourself: "What direction is my intuition guiding me towards?" Allow movement to quiet the mind and let the answers arise naturally.

Work with Selenite:

Hold or wear Selenite to encourage clarity, confidence and a deeper trust in your inner guidance.

Call in Archangel Michael:

Ask for courage, protection & the confidence to move forward.

A Tarot Spread

Take out your oracle cards, shuffle & ask the following:

Card 1: What fear is stopping me from moving forward?

Card 2: What strength already exists within me?

Card 3: What is my next courageous step?
